Biennial Review Report: Academic Years 2024-2025 & 2025-2026

The Drug-Free Schools and Campus Regulations (34 CFR Part 86) of the Drug-Free Schools and Communities Act require that institutions of higher learning adopt, implement, and evaluate programs to prevent the misuse or abuse of alcohol and use or distribution of illicit drugs both by college students and employees both on its premises and as a part of any of its activities.

Possession and use of alcoholic beverages in public areas of University facilities (including organized houses) and at official University student functions held on campus must comply with state and federal laws and university policies. Any campus, division or unit that allows alcohol to be served or consumed on property owned or controlled by the University shall establish appropriate policies for this purpose that are approved by the Chancellor or chief executive officer.

Irresponsible behavior while under the influence of alcoholic beverages is not condoned and may be subject to review and/or action by the appropriate judicial body. The Board directs each campus to develop an alcohol awareness and use policy that shall be made available to its new and continuing students each fall.

UAHT Drug and Alcohol Policy

The College is committed to creating and maintaining an environment that is free of alcohol abuse. The College prohibits the possession, use, and sale of alcohol beverage on campus or as any part of the College's activities, unless it is done so in accordance with applicable College policies, and it also enforces the state's underage drinking laws.

The College also enforces federal and state drug laws. The possession, sale, manufacture, or distribution of illegal drugs is prohibited on campus or as any part of the College's activities. Violators of the College's policies or federal and state laws regarding illegal drugs will be subject to disciplinary action and possibly criminal prosecution.

In the case of a controlled substance in schedule III, a person shall be sentenced to a term of imprisonment of not more than 10 years, and if death or serious bodily injury results, shall be sentenced to a term of imprisonment of not more than 15 years or a fine not to exceed \$500,000, or both, for a first offense.

In the case of a schedule IV substance, the term of imprisonment shall not be more than five years, and the fine shall not be more than \$250,000, or both, for a first offense.

Persons convicted on federal charges of drug trafficking within 1,000 feet of an elementary school, secondary school, college, or university (**21 U.S.C. § 860**) face penalties of prison terms and fines which are twice as high as the regular penalties for the offense, with a mandatory prison sentence of at least one year, unless the offense involves five grams or less of marijuana.

Federal Drug Possession Penalties (21 U.S.C. § 844) Persons convicted on federal charges of possessing any controlled substance face penalties of up to one year in prison, a mandatory fine of no less than \$1,000, or both. Second convictions are punishable by not less than 15 days but not more than two years in prison and a minimum fine of \$2,500. Subsequent convictions are punishable by not less than 90 days but not more than three years in prison and a minimum fine of \$5,000.

Drug and Alcohol Abuse Prevention Program

Student Alcohol and Drug Policy

UAHT prohibits the unlawful or unauthorized manufacture, distribution, dispensation, possession, use, or sale of alcoholic beverages, controlled substances, and illegal drugs on its campuses. The impairment by alcohol or drugs of any student while participating in an academic function, or as an employee when reporting for work or engaging in work – during normal work hours or other times when required to be at work – is also prohibited. UAHT students are required to abide by all federal and state laws, University of Arkansas System policies, local ordinances, State Board of Higher Education policies, and other related requirements regarding the consumption or possession of alcoholic beverages, controlled substances, and illegal drugs.

Possession, use, or manufacture of illicit drugs is strictly prohibited at UAHT. Students enrolled in UAHT are subject to disciplinary action for violation of federal or state law regarding the possession, purchase, manufacture, use, sale, or distribution (by either sale or gift) of any quantity of any prescription drug or controlled substance, except for the use of any over-the-counter medication or for the prescribed use of medication in accordance with the instructions of a licensed physician. Possession of paraphernalia associated with the use, possession, or manufacture of a prescription drug or controlled substance is also prohibited.

Enforcement of Federal and State Alcohol and Drug Laws

The UAHT Campus Police Department (UAHTPD) enforces all state and local liquor laws, including those for underage drinkers. UAHTPD enforces all state and local laws regarding prescription drugs and controlled substances. UAHTPD will work with federal agencies when needed to enforce any applicable federal laws.

Alcohol Use/Abuse and Substance Abuse Education Programs

The College educates students about potentially life-threatening consequences of alcohol use/abuse, and calls on student leaders, administration, faculty, and staff to serve as role models and promote good decision making regarding the risks and consequences surrounding alcohol use/abuse.

UAHT has a vested interest in the health and well-being of its students. Providing students and employees with access to substance abuse education materials promotes a healthy campus community. UAHT recognizes substance abuse as a treatable condition and offers programs and services for students with substance dependency problems. The programs provide services

related to substance use and abuse including dissemination of informational materials, educational programs, counseling services, and referrals. UAHT's mental health service provided by Uwill offers substance abuse counseling and referrals for further evaluation and treatment.

UAHT expects its students to comply with federal and state laws, local ordinances, and the Student Code of Conduct related to alcohol and other drugs. Continued or abusive use of alcohol and other drugs has health consequences. Violations of UAHT alcohol and drug policy will be addressed by the College through the student conduct process.

UAHT requires all students to complete an online course – Alcohol and Other Drugs. Alcohol and Other Drugs is a reality-driven online course designed to educate students on the risks of the abuse of alcohol and other drugs, and to teach successful strategies for handling dangerous situations related to these substances. The course features four modules: Your GPA, Your Brain, Your Peers, and Your Life. Each section provides extensive, research-backed evidence of the detrimental effects alcohol and other drugs can have, and how social skills and interactions can help reduce harm associated with these substances.

The College also conducts education and prevention programming throughout the academic year. The programming includes but is not limited to providing information via flyers, pamphlets, and posters; and providing interactive events during alcohol awareness month, substance abuse awareness month, and safe spring break programming.

Student Conduct

The College responds to reports of the illegal use of substances through its student conduct system. Students in violation of UAHT's Alcohol and Drug policy will face disciplinary actions as noted in the Student Code of Conduct. The Code applies to conduct that occurs on College premises and College-sponsored activities, and to off-campus conduct that adversely affects the College Community and/or the pursuit of its objectives. Additionally, College student conduct proceedings may be instituted against a student charged with conduct that potentially violates both criminal law and the Student Code of Conduct (that is, if both possible violations result from the same factual situation).

The following is a summary of student alcohol and other drug violations for the 2024-2025 and 2025-2026 academic years.

Violation	2024-2025 Academic Year	2025-2026 Academic Year
Alcohol Violations	0	0
Drug Violations	1	1

Student Conduct Sanctions

“Sanction” means a consequence or action that is imposed following a determination that violation of the Code of Conduct occurred. Sanctions are not designed to be punitive; rather, they are intended to be educational measures that hold Students accountable for their behavior and protect the Campus Community. Sanctions can range from a verbal warning to expulsion or suspension.

Sanctions must be reasonable and proportionate to the seriousness of the violation. The Student Conduct Administrator must accurately advise the disciplinary body of sanctions that have been imposed for similar violations in the past in order to ensure consistency and equity across time.

Sanctions imposed will take on the following forms:

- Verbal warning;
- Written reprimand;
- Probation and/or suspension in abeyance;
- Loss of privileges for a specified period of time;
- Restitution through community service or fine;
- Research assignments;
- A requirement to receive certain training;
- Community service;
- Removal from campus housing, including terms for readmission;
- Suspension from the College, including terms for readmission; and/or
- Expulsion from the College.

Student Conduct Amnesty for Alcohol and Other Drugs

UAHT is committed to the safety and welfare of its students. It is critical for the safety of the campus community that students immediately call for help when they are faced with an alcohol or drug-related emergency that requires immediate medical intervention for themselves or others. To encourage students to seek emergency medical care in these situations, the College has instituted this Amnesty protocol.

This protocol is a mechanism for appropriate College officials to apply an alternative resolution process in lieu of disciplinary action under the Student Code of Conduct, for minor violations related to the possession or use of alcohol and drugs that arise out of a bona fide attempt to seek emergency medical care for someone experiencing alcohol intoxication or a drug overdose. The purpose of this protocol is to encourage students to call for help in these emergency situations, and to cooperate with the College’s reporting and investigative processes, by facilitating an educational and safety-focused response rather than focusing on disciplinary outcomes.

This protocol is designed to be applicable to alcohol and drug-related violations of the Student Code of Conduct. It does not ordinarily apply to other types of conduct violations, or violations of other College policies or procedures, although its use may be considered in situations involving victims and witnesses of other types of student conduct violations. The application of this protocol will have no bearing on criminal, civil, or other legal proceedings in federal, state, or local courts. Additionally, this protocol does not limit the authority of law enforcement personnel or College staff to act as required at the time of an alleged violation of College policies or federal, state, or local laws.

Parental Notification

In accordance with a 1998 amendment to FERPA, UAHT school officials have the discretion to notify parents or guardians of students who, at the time of disclosure, are under the age of 21, and have violated any federal, state, or local laws, or violated any rule or policy of the institution governing the use or possession of alcohol or controlled substance. Exceptions to parental notification may be made based on circumstances as determined by school officials with legitimate educational interest.

The employee alcohol/drug policy is in the employee policy manual on the intranet.

UAHT conducts a biennial review of the College's drug and alcohol abuse prevention program. The report is available in the Office of the Dean of Student Services & Financial Aid.

Health Risks

Alcohol and drug use is prohibited at UAHT, not only for legal issues but due to health risks associated with use.

Information about the health risks of drug use and abuse can be accessed through the following website: <http://www.drugabuse.gov>.

Annual Alcohol and Other Drug Notification Procedures

Annual notification is sent to all students and employees through their UAHT email account each fall. The annual notification includes:

- 1). Standards of conduct that prohibit the unlawful possession, use, or distribution of illicit drugs and alcohol by students and employees
- 2). Federal, state, and local laws regarding unlawful possession or distribution
- 3). Descriptions of health risks associated with use
- 4). A list of campus drug and alcohol programs

- 5). Disciplinary sanctions for student and employee violations of the standards of conduct
